#### ABOUT NATIONAL BREAST CANCER FOUNDATION

The National Breast Cancer Foundation (NBCF) is Australia's leading national body funding game-changing breast cancer research with money raised entirely by the Australian public.

NBCF receive no government funding. What they do, would not be possible without the support and generosity of people and organisations like YOU.

Since NBCF's inception in 1994, the five-year survival rates for breast cancer has increased from 76% to 92%.

#### THE 'CAULKER FOR A CAUSE' PINK GUN

In support of the National Breast Cancer Foundation, iQuip is launching a special-edition PINK nylon caulking gun during September & October "Breast Cancer Awareness Month" of 2022.

iQuip will be donating \$2 per gun to the PINK caulking gun sold to the deserving non-profit organisation dedicated to the fight against breast cancer.

'The Caulker For A Cause' Gun is simply the Pink version of our amazing 22CGN310, arguably the most popular gun on the market. See page 2 for all details on the caulking gun or visit [iquip.com.au/thecaulkerforacause](http://iquip.com.au/thecaulkerforacause)

Can confirm that these are the best guns I've used, wouldn't use anything else!

**Project Painting Co**

Absolutely loved the caulking gun! Doesn't drip, doesn't just spit all the gaps out, the tubes don't explode in the gun, the handle is actually quite comfortable to hold compared and the handle isn't metal so it doesn't blister my palms! What an absolute steal I got.

I've been looking around for a gap gun that doesn't drip and isn't painful to hold and it was in front of me the whole time! Gave the fellas at work a whirl and they loved it too.

The best on the market!
